# Hospice care explained in upcoming program

If you are caring for an aging family member, or may be in the future, you won't want to miss this informative program at Greenville Public Library! At 11 a.m. on Tuesday, September 3, EverHeart Hospice will be stopping by the library to debunk many of the myths surrounding Hospice care.

Ashlynn Beisner, Community Outreach Specialist, will be presenting on the history of how hospice care originated, who is eligible to receive this care, what it includes, and how it keeps us and our loved ones out of the hospital. She will also discuss the benefits of palliative care and the difference it can make in the lives of us and our loved ones. Light refreshments will be provided by EverHeart.

EverHeart Hospice, formerly State of the Heart Care, is a non-profit organization that has served the community since 1981. Founded by volunteers, EverHeart still keeps compassion at the front and center of what they do each and every day.
